

Risk Assessment for the September Full Re-opening

Introduction

The government plan is for the full return of all pupils from September 2020: <https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

School employers and leaders are required by law to think about the risks the staff and pupils face and do everything reasonably practicable to minimise them, recognising they cannot completely eliminate the risk of coronavirus (COVID-19). School employers must therefore make sure that a risk assessment has been undertaken to identify the measures needed to reduce the risks from coronavirus (COVID-19) so far as is reasonably practicable and make the school compliant with guidance. General information on how to make a workplace compliant, including how to approach a coronavirus (COVID-19) risk assessment, is provided by the [HSE guidance on working safely](#).

This risk assessment checklist/tool is based on Government guidelines on COVID-19 as at 2nd July 2020 and is provided to help schools to prepare and decide arrangements for an increased number of children attending/returning to school. It remains subject to change at a short notice as updates are received from the Department for Education (DfE). [EYFS guidance](#) should be considered for Nursery Schools and Nursery Classes.

Risk assessment is about identifying sensible measures to control the risks in a workplace or when undertaking an activity. The process evaluates the threats and risks of a specified issue/situation and enables the likelihood that somebody could be harmed, together with an indication of how serious the harm could be, to be considered.

The Risk Assessment below details specific measures but as an overarching summary:-

Core Principles

- Stay at home if you are ill
- Self hygiene
- Academy cleaning regime
- Test and trace engagement
- Reduce contact in school
- Maximise distance in school where possible
 - Bubbles – year group or class
 - Avoid contact between bubbles
 - Forward facing desks
 - Staff and pupil distance where possible
- Minimise contamination.

Systems of Controls

1. Prevent

You must:-

- a. Stay at home if unwell
- b. Clean your hands
- c. Catch it, bin it, kill it
- d. Enhance cleaning regimes
- e. Minimise contact

You should try to

- f. Social distance where possible

The 2 mandatory cases for wearing PPE remain – when dealing with a symptomatic member of staff or student or where you normally do in intimate care situations.

2. Respond to Infection

- a. Engagement with test and trace (and engagement with absent@e-act.org.uk in all cases)
- b. Management of confirmed cases
- c. Contain local cases alongside PHE

Public Transport usage and impact on academy.	<ul style="list-style-type: none"> Staggered start times will depress usage at peak times. All pupils to be made aware of the national guidance on using public transport. Pupils wearing masks to adhere to this guidance need to safely store whilst in school. Academies have details of pupils using public transport and should encourage at all times alternative use where possible. Pupils arriving on public transport ahead of their staggered start time need to be provided in an appropriate space before attending their own bubble, this ideally will be in their bubble zone, but if a more general space is used then the bubble contamination risk must be noted, register of this 'transport bubble' then kept. 	Y	Public Transport not used by students	-SLI
Dedicated School Transport	<ul style="list-style-type: none"> Where an academy has dedicated school transport please refer to the full guidance on how this should be managed. Pay particular attention to:- <ul style="list-style-type: none"> If all on the dedicated transport then transfer to a consistent bubble in the school then pupils travelling on this bus may not need to wear PPE / Social distance. Also hand sanitiser will need to be provided on entry / exit from the bus. If the dedicated transport cohort disperses more widely into mixed bubbles in the school then you may need to consider application of the public transport guidance (PPE / distancing) to mitigate this. You will need to also engage with the dedicated transport provider on their own risk assessment / 	 Y Y Y Y/N	 Students disembark and move to bubble within year group zone. Clarification sought with Hunters on this provision. Students disembark and move to bubble within year group zone. Risk Assessments gathered for June Wider Opening but update	 SLI/HOY SLI HOY SCO
